

Leading IT Company supports local charity

A leading IT solutions Company based in the North West is planning to host a unique Microsoft day at their head offices in Wrexham. This will give people the opportunity to see first hand the benefits and features of using some of the very latest Microsoft technologies to enhance their business.

MCW Group are working closely with Hope House in Oswestry and Ty Gobaith in Conwy to raise monies to fund the two hospices. These hospices give much needed help and support for the families of terminally ill children whilst also providing practical and emotional support to families facing the pain of losing their precious child. It costs £3.5 million a year to run both hospices which rely almost entirely upon donations. One way in which MCW Group have offered support is by donating all funds from the event to Hope House Hospices.

Richard Morris MD of MCW Group said: "Ty Gobaith and Hope House is a very worth while cause and whilst most of us are lucky enough to have healthy happy children, many of these families supported by Hope House have to live with the pain that their children may not be with them for much longer. Hope House give support and make the lives of the children more fulfilled. Organising events like this goes a long way to help them in the good work that is being done". Richard goes on to say "not only would this event help Hope House but it will give many companies the knowledge and help that they may need in moving their companies forward using Microsoft Products and bringing awareness of all the services available. Many Microsoft products are not being utilised to their full potential and hopefully this Microsoft day will educate people in these areas".

- 1. Everything you need to know about Microsoft Licensing**
- 2. Features and benefits of Microsoft Server 2008**
- 3. Why should you upgrade to Microsoft Exchange 2007**
- 4. Microsoft Office 2007 Overview**
- 5. Tips and Tricks for Office 2007**
- 6. Why should you consider Sharepoint.**

Each session will be approximately 1 hour long with sessions running at various different times throughout the day enabling people the opportunity to attend each session or to hand pick sessions most suited to their needs.

The cost per session will be £10 per person with all proceeds going to Hope House Hospice.
