

SME Seminar 2008

TIMES ARE DIFFICULT, AND ALL BUSINESSES NEED TO MAXIMISE ON WHAT'S ALREADY IN PLACE AND REDUCE COSTS

What would be the impact if your server went down?

We have a solution that guarantees total replication, enabling 99.99% employee productivity uptime. Always be available, no time loss

How can you ensure productivity and overcome 'virtual absenteeism'?

We have an internet and email management solution which will stop the lost labour you are suffering, due to employees 'surfing' in valuable work time, opening in-appropriate emails and opening up the gates to SPAM.

Need to save money on phone calls?

Most companies have solutions in place to provide internet access.

We have a solution that will save on telephone calls to 01 and 02 numbers, by using the broadband lines and networks you already have in place.

MCW Group Ltd would like to invite you to attend our FREE Seminar aimed at increasing productivity in the SME/SMB Sector.

There is no charge for attendance, however places are limited so book yours fast!
