

IT Training NOW available in Stafford

Following the recent acquisition by Keycom plc, MCW Group are now able to extend their portfolio of IT training services to the Staffordshire area. MCW Group has been in the IT industry for 25 years and as one of the leading providers in the North West of UK, has extensive experience in delivering a full range of IT Training courses to individuals and companies alike. Philippa Watts, Director of Training said “we are delighted to be able to extend our professional IT services into the Staffordshire area. With this new centre and our purpose built training centre in Wrexham and our centre in Warrington, we feel that we are in an ideal position to offer businesses in the Midlands and the North West professional IT training. It has never been more important for companies to ensure they receive good return on investment for any training undertaken, and as a Microsoft Gold Partner, Microsoft Education Centre and ECDL Testing Centre for the British Computer Society companies can be assured that any training undertaken with MCW will offer good return on investment.”

MCW’s new Stafford premises are within easy access off the M6, based on the Staffordshire Technology Park with ample free car parking.

Courses include:

Microsoft Office (*Microsoft Word, Excel, Outlook, PowerPoint and Project*)

Web Development (*HTML, Dreamweaver, Flash, FireWorks & FrontPage*)

Drawing and Design (*Microsoft Publisher & VISIO, Adobe Photoshop, InDesign, Illustrator & PaintShop*)

Project Management (*Microsoft Project*)

Programming (*Excel Macros, Visual Basic, VB Scripting & VBA*)

Microsoft Technical (*Exchange, Server, Programming etc*)

Project and IT Services Management (*Prince2 & ITIL courses*)

MCW are also renowned for tailored courses designed to make the courses and learning more effective to meet the clients’ needs.
