

Project, Program & IT service Management Training @ WREXHAM

Aim Academy offers a range of professional training solutions based around project, program and IT service management and are second to none. They are committed to delivering the highest quality service and value, throughout all their offerings. With Aim having the same high values as MCW Group we have joined forces to host some of their popular courses at our purpose built training centre in Wrexham allowing our new and existing clients attend accredited training locally.

MCW Group Wrexham will be hosting the following training, leading to professional examinations in the following areas:

Courses

Prince2™ - Projects in controlled environments

ITIL® - IT Service Management best practice

APMP – Project Management

MSP – Managing Successful Programmes

Whatever your training / consultancy / support needs around any of these subjects, we can make your learning enjoyable, successful and of course can now be attended at our training centre in Wrexham.
